**Subject:** RE: Notes from call with Dingell on BASF

What would be the purpose/goal of the meeting if we are not planning to take public comment? Is it just information sharing?

Congresswoman Dingell wanted on in September/October after we've had a chance to review BASF's draft interrim plan. We are leaning toward not opening it up for public comment, so we would almost rather have the meeting before we've absorbed the report, which would make it early September...

Ed, Kirsten is still on detail to HQ for a couple months. Cisco is available to help out at this site (although I know he's got a vacation coming up soon). What's the timeline for the public meetings?

Thanks Eileen! I'm glad that someone took notes since it was hard for me to do so.

**Jeff**, based on this call, I think that we will need to assign a CIC to the site to help manage the public meetings – at least temporarily until we can lower the temperature... Is Kirsten available? Please let me know what the protocol is on this – if I need to go to Cheryl, Alfred, or Debra...

Thanks,  
Ed

I tried to capture discussion.

Thanks,
